Town Criers Arrange To Open
Municipal Auditorium For
the Visitors

TWO SHOWS ARE PLANNED

Number of Merchants Participating in Dollar Day Much
Larger Than Anticipated

The city auditorium will be thrown open to visitors in Bismarck on the Dollar Day sales days, Wednesday and Thursday.

Free motion pictures will be shown in the Auditorium on both afternoons, provided by the Town Criers club. Under the arrangements made by the club committee, according to Worth Lumley, president of the Town Criers club, and Overt A. Olson, chairman of the special committee, persons can secure tickets from any merchant participating in the Dollar Day sales. The movies will be free, but admission is only by ticket. Each of the 63 merchants participating in the Dollar Day sales plan will have a supply of the moving picture tickets to give away.

It is planned to have the movies on Wednesday from 1:30 to 3:30 o'clock, and on the second day from 3:30 to 5:30 o'clock, the second day's program being delayed especially for the benefit of the children. In addition there will be a four-piece comedy orchestra on the streets. Local theaters plan extra fine programs for Wednesday and Thursday nights for the benefit of the visitors.

The management of the Eltinge and Bismarck theaters are assisting the Town Criers in arranging their program.

Number Increases
The remarkable bargains offered on the Dollar Day sales by the merchants, as given in detail in the special eight-page Dollar Day section of The Tribune, have increased local interest in the event. Bismarck buyers, as well as the visitors from the country and many towns, will find many opportunities to profit by the sales. The sales open promptly at 9 o'clock on both Wednesday and Thursday.

The message of Dollar Days has been carried into about 12,000 homes in Bismarck territory. It is the most extensive advertising that ever has been done of a special event. The number of merchants participating is much larger than was at first expected. It was thought that the number would be 50, but the total number now is 63.

Banks and automobile firms are listed with merchants of nearly every other class in the Dollar Day sales.

Local boosters who are anxious to make the two days "socialability days" as well as days on which business is to be done urge all local people to remember the time of the free movies, to remember especially to advise mothers visiting the city of the Masonic temple restroom, and to aid visitors in every possible way in seeking points of interest or stores which they wish to find.

SOLUM FUNERAL
IS ATTENDED BY
LARGE NUMBERS

American Legion Men Present
in Uniform at Last Rites
For Well Known Man

The funeral of G. I. Solum, held Sunday afternoon, was one of the largest funerals ever held in Mandan. Not only did hundreds of friends in Mandan attend the services but there were present persons from all over the Slope country, Mr. Solum having a wide acquaintance.

The funeral services were held in the Presbyterian church with Rev. H. H. Owens officiating. Special music was rendered.

More than 100 American Legion members attended the funeral in a body, in uniform, and military honors were paid the deceased at the grave. Members of the Masonic and Elks lodges, of which Mr. Solum was an active member, attended the funeral in a body. Interment was in the local cemetery.

Mr. Solum, who was fatally injured with Nelson Luther in an accident last week when their automobile was struck by a train, was one of the best known residents of Mandan.

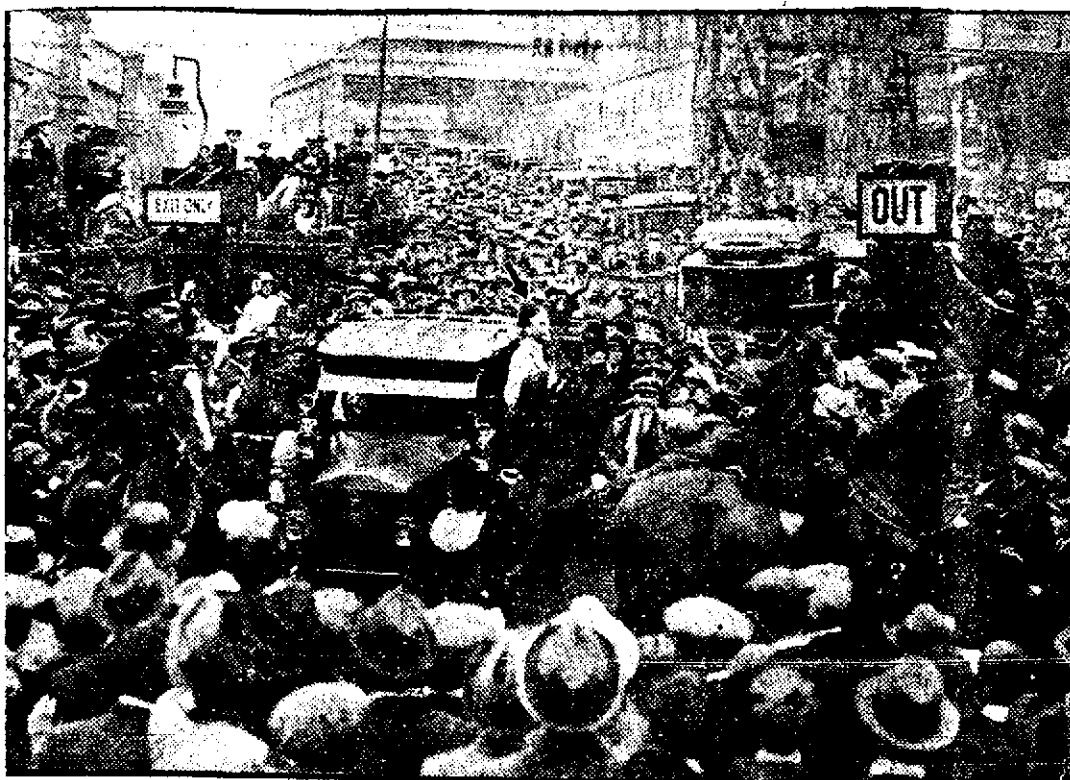

FARM BUREAU TO

HOW FRIENDLY LONDON MOBBED CHARLIE CHAPLIN

London's greeting to Charlie Chaplin was like the victorious home-coming of a conquering hero. Tens of thousands of Londoners packed streets for blocks, as he made his way from Waterloo station in an automobile surrounded by mounted police and detectives. This picture shows a small part of the throng that welcomed the comedian. Arrow indicates Chaplin in light suit. For days he was given police protection against friendly mobbing, whenever he ventured from his hotel.

NO COURT EFFORT TO HALT RECALL, 200 DELEGATES
LEMKE SAYS, RETURNING FROM TRIP ARE EXPECTED
AT LEGION MEET

Any Action Taken Will Be Under
the Criminal Code, Attorney-
General Says.—S. Johnson Begins
Speaking Tour in Slope
Territory

There won't be any court action by the state administration in an effort to stop the recall election, according to Attorney General Lemke.

Possibility of an appeal to the supreme court, a subject discussed since the time the election was called, was believed disposed of by this statement of the attorney general, and the candidates may throw their full force into the fight without likelihood of effort being wasted by a delay. Lemke added that he did not know what action might be taken by some private citizen, but he does not anticipate any.

Independents had pointed out the likelihood of court attack on the question of the publicity pamphlet and under the provision of law giving the right to appeal to the supreme court (or a review of the secretary of state's decision as to the sufficiency of the petitions). The contract for printing the publicity pamphlet was signed Sunday.

Two Candidates Here.
The attorney general came to Bismarck to look after matters at his office and starts on another speaking trip Thursday. Steinbock Johnson, recall candidate for attorney general, is now campaigning in the Slope country. He will open the independent recall campaign in Shields Tuesday morning, will speak in Flasher at 2 P. M. and in Carson at 8 P. M. He will start the ball rolling in Stark county at Lefor on Saturday afternoon, October 1, and that night will speak in Dickinson.

Mr. Lemke declared his confidence in league victory at the polls. He attacked the leadership of the I. V. A. organization, and declared that he had evidence that many of the recall petitions had been fraudulently signed. He said that one Canadian woman had written him that she had written to Theodore Nelson asking that her name be taken off the petitions, after learning an alien could not sign, and that she was informed the petitions had already been filed. Any action taken will be under the criminal code, Lemke said.

WOMEN'S WAGE
HEARINGS HERE

First of Series To Be Held In
Bismarck Wednesday

The North Dakota Women's Compensation Bureau will hold public hearings at the following places and dates for the purpose of making investigations as provided and authorized by the Minimum Wage Law, Chap. 174, 1919: at the Court House, Bismarck, N. D., Sept. 28 and 29; Fargo, October 3 and 4; Grand Forks, October 6 and 7; Minot, October 18 and 19. The hearings will convene at 10 o'clock of each day named and an evening session will be held on the first day of each hearing. The meeting will be adjourned from day to day until the work is completed.

These hearings are for the purpose of securing information from employers, employees and others on wages, hours, conditions of labor, and the cost of living for women and minor workers.

The Commissioners are anxious to have all those who are interested in these matters attend these hearings.

in Indianapolis.

Indianapolis, Sept. 26.—Rattling drumsticks and the squealing of ancient fife announced the opening of the national encampment of the Grand Army of the Republic here today.

Today was devoted to the registration of the visiting veterans. Reception committee members estimated that 10,000 members of the Grand Army and its affiliated organizations were here.

Although official reports show that three last years' encampment death has taken 9,000 members of the organization it was expected that the attendance this year would be nearly as large as that of the last meeting.

Harding Tells Unemployment
Conference He Hopes For
Solution of Problems

WAR AFTER MATH FELT

United States Feeling World-
Wide Depression as Inheri-
tance of Conflict

Washington, Sept. 26.—The national unemployment conference which the administration hopes will evolve means of putting the nation's involuntary idle back to work was formally opened here today by President Harding.

Addressing the half hundred industrial and labor representatives at the conference the President described the present depression as "a war inheritance throughout the world" for which as applied to the United States he added he "would have little enthusiasm for any proposed relief which seeks either palliation or tonic from the public treasury."

Belief was expressed by the President that the result of the conference would be felt beyond the borders of the United States and that the delegates in their deliberations would be performing a "service to the world."

Wants Work For Everybody

"There ought to be work for everybody in the United States who chooses to work and our conditions at home and our place in the world depends on everybody to go to work and pursuing it with that patriotism and devotion which makes for a happy and fortunate people," the President asserted.

The President declared that "the open, sure and onward way" to rid the nation of the war's aftermath of depression involved "liquidation, reorganization, reestablishment, taking account of things done and sober contemplation of things to be done."

Hoover Presides

The delegates were told by Mr. Harding that they had not been invited into the conference "to solve the long-controverted problem of our social system" and that Secretary Hoover, whom he had designated as chairman of the conference, would lay before them the program of discussions.

Secretary Hoover, speaking immediately after the President had concluded his address, declared the conference first should determine the volume, distribution and character of the nation's unemployment and second involve a series of emergency methods to meet the present situation.

The commerce secretary expressed the belief as did President Harding that the conference also should consider measures which could be utilized in event of unemployment tides.

Propose to Consider Suitable
Men For Judicial Timber
and Aid Profession

There was a largely attended meeting of the lawyers of the Fourth Judicial District at Jamestown Saturday, and a district bar association was formed. Among the objects of the association is to secure a more perfect administration of justice; to consider suitable men for judicial timber and to promote a higher standard for both the bench and the bar. The Bismarck attorneys who attended were: C. C. Davis, Geo. M. Register, Jos. Coghlan, Theodore Koffel, Andrew Miller, Alfred Zuger and J. A. Hyland.

The following officers were elected: President, John Knaut, of Jamestown; Vice President, Alfred Zuger, of Bismarck; Secretary-Treasurer, Oscar J. Seiler, of Jamestown.

The association aims to take an active part in promoting a higher standard for the profession. Judge Ellsworth was chairman of the committee on the constitution which was adopted.

POLITICIAN IS
BARRIER AHEAD
OF DISARMAMENT

Will Irwin, Author of "The Next
War" Tells What Problems
Must Be Solved

SEES PARLEY A FOOTBALL

(By Alice Rohe)

Scituate, Mass., Sept. 26.—"The barrier to disarmament is raised by the politician class. The professional politician class, like any other class, resents anything that hurts its business."

"All politicians of all nations represented in the coming conference are going into that conference without any sincere interest of doing anything."

"They hope only to use the conference for a ground of jockeying for national advantage."

The speaker was Will Irwin, famous war correspondent, writer, student of international relations, whose book, "The Next War," has been called "The Uncle Tom's Cabin" that shall shock the paralyzed conscience of man to activity, that war shall cease.

"There is no question in my mind," continued Irwin, looking out over the piazza of his summer home, "that the common people want no more war. They want peace at any price. They are sore on disarmament conversations. They are sick of this military business which is causing them taxes and other burdens."

"People of England, France, Germany, Italy, the United States—all countries I know—can attribute the trouble about disarmament to the politician class. The business of politicians is largely promoted by excessive nationalism and chauvinism."

"This was shown plainly at the peace conference, regarding the League of Nations."

Senators' Position
"The attitude of the politician class is shown by the fact that the proposition for a disarmament conference was passed by the senate by a unanimous vote, although among the senators are many who do not want disarmament."

"The hope of the disarmament conference is this: The politicians want to do something they consider popular. If they are persuaded the people want disarmament, there is hope. I have been surprised at the strength of the disarmament sentiment, which might be called almost a pacifist sentiment."

"If between now and the conference we can crystallize sentiment into some sort of action, we can force the politicians."

"If we do not force them, I believe that we'll see bankruptcies of small nations or a war to which the last was by comparison a mere skirmish."

SECOND MURDER
OF BOY FEARED

Butte Police Puzzled by Mysterious Killing and Disappearance

Butte, Mont., Sept. 26.—Some weeks ago the body of Charles Roberts, 15, was found hanging to the top of a door. A letter in Boy Scout cipher was in his clothes, which referred to some secret order and spoke of threats of torture and death for some infraction of rules, the boy was charged with committing.

Now Leonard Hemple, 17, a friend of Roberts', is missing and his parents fear he is dead. It is said that a week ago a letter similar to that found on the Roberts' boy was handed to young Hemple by a man of about 60. It was in a plain envelope addressed, and is alleged to have threatened death and referred to Roberts as "being before."

The authorities, after investigating the circumstances of the two cases, confessed themselves puzzled.

ROACH, HELD IN
FARGO, WANTED
IN SHERIDAN CO.

During a hearing held in the governor's office on the petition of the state of Minnesota for extradition papers for R. J. Roach, held in jail in Fargo, word was received that Sheridan county authorities have a charge of bank robbery against Roach, for entering the Martin bank. Roach, who was brought here for hearing, was taken back to Fargo and it is understood Sheridan county authorities will take him to that county. He had been wanted by the state of Minnesota in connection with a bank robbery.

BANDIT RING BROKEN UP

Authorities Claim to Have
Broken up Gang Operat-
ing in Two Counties

(Special to the Tribune)

Minot, N. D., Sept. 26.—Authorities in Ward and Renville counties believe they have smashed the worst gang of outlaws ever operating in this section of North Dakota in view of a confession made by Frank Kerr, of Kenmare, to Sheriff James M. McKechnie yesterday, in which he admitted his gang robbed several stores and implicated Phil Cloutier, held at Crosby on a car stealing charge, Jack Longre, Harry Butler and John Ward of Kenmare who are held in the county jail in Minot, and himself in the shooting of Barney Bussen, state prohibition officer, and John Powers, deputy sheriff of Renville county, near Minot August 29.

According to Kerr's story a ring of Minot men engaged in last Hittit sale and transportation of whiskey made an agreement with their party to pay \$1,000 of which they would kill F. F. Watkins of the state prohibition officers, working in this district. They believed they were meeting Watkins and his deputy P. C. Upton. Kerr states in his confession. He said that Cloutier opened fire with a shotgun. Bussen and Powers were wounded and the former's condition was regarded as serious for a time. He has been discharged from the hospital but may lose the sight of an eye. He was hit by 28 shots.

Shooting Leads to Confession
The shooting of Policeman Julius A. Nielson in Kenmare last Sunday led to the arrest of the principals named in Kerr's confession. Longre had been sought on a car stealing charge and was picked up by Sheriff Spoford while he was securing witnesses to appear against Weiling, who had shot officer Nielson. Butler and Ward were also taken at the same time. Benville and Ward county authorities searched a home in Kenmare a few days ago and found loot stolen from a store at Grand a few weeks ago and Kerr's arrest followed.

HEAVIEST HAIL
LOSS SUFFERED
IN WILLIAMS CO.

Burleigh County Claims Re-
ported to State Bureau
Number 721

Heaviest hail loss in North Dakota during the summer was incurred by the state hail insurance department in Williams county. There were 1,615 losses from hail in this county, according to Martin Hagen, bureau head.

Total losses by hail for the year far exceed last year, being 21,358 compared to 14,000. Protection on grains was given by the hail insurance until Sept. 15 and many claims were received in the succeeding days. Claims received from now on, for losses incurred previous to the expiration period, will not be recognized, the bureau head stated.

Ranking next to Williams county in the number of hail losses is Dunn county, with 1,287. Other counties having considerable losses include: Hansom, 914; Burleigh, 721; State-man, 702; Cass, 228; Grand Forks, 195; Ward, 234; Eddy, 583; Emmons, 103; McLean, 497; Kidder, 313; Morton, 277.

Fewest losses were reported from Richland county, 18 losses being claimed. There were but 70 claims from Rolette and 64 from Sioux counties.

The hail tax levy will be fixed about October 25, it was said by Mr. Hagen. The amount of money allowed considerably exceeds that of last year, which was about \$2,400,000 and consequently the hail insurance tax levy will be higher.

The Burleigh county loss was much higher than last year.

GARDNER AND GUILFORD MEET IN GOLF CHAMPIONSHIP MATCH

Chick Evans, Champion, is Eliminated When Sadly Off Form in Tournament

HUNTER ALSO LOSES OUT

St. Louis, Sept. 24.—(By the Associated Press)—Robert Gardner, of Chicago, twice holder of the title and runner-up in the British championship and Jessie Guilford, a Boston golfer who has been trying for the premier golf honors for ten years or more, today played the final round of 36 holes for the National Amateur Golf championship. He defeated Willie Hunter, 5 and 4, yesterday. Guilford won his place in the finals by defeating the present champion, Chick Evans, 7 and 5 with Evans sadly off form.

Evans was not able to putt at any stage of his contest and after watching one short putt after another refuse to go down while Guilford sank his ball in two and some times one from any part of the green he happened to reach, the champion's whole game went stale.

Was Good Mud Horse

It was not only Evans' poor game that kept him from winning, but even that would have defeated any reasonable good game most of the way as he went out in the morning with 37, while he had 44 strokes coming in. The Boston player proved a good mud horse, plunging his long drives far beyond Evans' wooden shots and putting as well as the greens were not seas of water into which the balls dug almost out of sight at times.

Evans played carefully and tried his best to get his game back, but it was no use.

Although he offered no alibi saying that it was not his day, Outmet, who was eliminated in the second round by Harrison Johnston, watched the Guilford and Evans match all the way around, but offered no comment except that Guilford was good enough to be a semifinalist.

A flash of lightning that silvered a tree nearby caused both Gardner and Hunter to miss their drives from the first tee and take sixes for the first hole. It was a dreary affair, the large galleries of previous days giving way to a small coterie of persons who would not be denied the winner of the title in 1909 and in 1915 showed his championship caliber by scoring 39-39-78 in the morning round. His first 39 was good for a lead of one hole at the first quarter mark, also the Briton had the same medal score and his second 39 netted him two more holes as Hunter took 41 to get home for an 80.

COBB CONTINUES TERRIFIC PACE WITH BIG CLUB

Climbs Into Tie With His Mate, Heilmann, in American League

HORNSBY KEEPS GOING

Chicago, Sept. 24.—Ty Cobb, pilot of the Detroit Tigers, has climbed into a tie with his teammate Harry Heilmann, for the batting honors of the American League, according to figures released today and which include games of last Wednesday. The Georgia peach who has been hitting with due regularity since entering the home stretch is batting .394, a mark which he held a week ago, while Heilmann who has been holding place honors, hit a slight batting slump during the last week and dropped from .393 to a tie with his manager.

Babe Ruth, added a brace of home runs to his string and brought his season's record to 56. Ruth also is trailing the two Detroit stars for the batting honors with a mark of .375, just four points in front of George Sisler, of St. Louis who is hitting .374.

Ruth is far in front of his rivals as a run getter, having registered 168 runs for the Yankees. He has made 193 hits which have placed him far in front for total base honors with a mark of .431. Besides his circuit drives, Ruth's hits include forty doubles and fifteen triples.

Sisler has taken the lead in the stolen base department by pilfering three bases during the past week, and bringing his total to 27. S. Harris, of Washington who was leading a week ago failed to add to his string of 26.

Others leading batters for 90 or more games: Speaker, Cleveland, .366; T. L. Smith, St. Louis, .359; Williams, St. Louis, .345; Jacobson, St. Louis, .342; E. Collins, Chicago, .339; Strunk, Chicago, .338.

HORNSBY CLIMBS

Rogers Hornsby, of St. Louis, has been hitting with telling effect since the National league entered the home stretch, and has brought his average up to .405 for the leadership among players who have participated in 90 or more games. He has made 227 hits for a total of 362 bases, his hits including 39 doubles, 18 triples and 20 homers. The St. Louis star also increased his lead as a run getter. He scored 127 times.

Jack Fournier, a teammate of Hornsby's did not fare so well since the last figures were compiled but retained his position as runner-up with a mark of .349. McHenry, another member of the Cardinals is pushing the big Frenchman with an average of .347.

OF THE GIANTS, brought his season's home run record up to

YANKEES BEAT CLEVELAND IN SERIES OPENER

Take First Game in All-Important Series on New York Polo Grounds

FIGHT FOR LEAD

New York, Sept. 24.—Defeated in the opening game of the "Little World Series" the Cleveland Americans now face the task of taking three straight from New York in order to wrest first place from the Yankees.

Today's battle is an important one. A victory for the Yankees would mean that even if they lost four of their final games the Indians would have to win all their six in order to finish first. A victory today for the Indians would bring about a virtual tie with New York leading by less than two points.

New York, Sept. 24.—Splendid pitching by Hoyt, and strong hitting by Babe Ruth and Walter Pipp enabled the New York Yankees to win the first of an all-important four game series with Cleveland yesterday, by a score of 4 to 2. Hoyt was in trouble in only one inning, the fourth, when Cleveland scored its two runs on Gardner's single, Sewell's triple and a wild pitch. In the last five innings Cleveland got only three men on bases.

Coveleskie also pitched well for Cleveland, but met with his usual poor luck against the Yankees, who have defeated him five times in six games this season. New York also clinched the year's series from Cleveland, today's victory being their twelfth against seven for the Indians. Ruth emerged from a batting slump, knocking three doubles and drawing a base on balls in four times up. He scored after each of his three hits, though he pulled up lame after running to second on his third two bagger. Pipp also was a strong factor in New York's victory as he drove in three of New York's runs.

New York scored its first run in the fourth on doubles by Ruth and Pipp and took the lead with two runs in the sixth scored on Ruth's double and singles by Meusel and Pipp. Ruth scored again in the eighth on his third two-bagger, Meusel's sacrifice and Pipp's sacrifice fly. The fielding on both sides was sharp and clean. Warding excellently with several brilliant infield plays.

27 MEN ARE OUT AT JAMESTOWN

Jamestown, N. D., Sept. 24.—Twenty-seven men are trying out for the Jamestown College football team under Coach Floyd B. Barnum, former Hillsdale, Michigan, high school and college star, and the team is rapidly getting into shape to meet the heavy A. C. team here Saturday, October 1. Work is being pushed in view of the late start at practice which has always been a handicap to the local collegians.

The college team this year will be just as light as the 1920 eleven, which made such a sensational record, against their heavier opponents rolling up the huge total of 263 points scored to their opponents' seven.

ATTORNEY GOES INTO COACHING

Winona, Minn., Sept. 24.—Jack Lamberton, former Princeton football player and an attorney here, has gone to Bethlehem, Pennsylvania, to become assistant to Coach Frank Gluck of the Lehigh university eleven for six weeks of the gridiron season.

Lamberton played at Princeton from 1913 to 1916 and in his senior year was awarded a position on a mythical all-American eleven. Last year he coached Trinity College at Hartford, Conn. He was a lieutenant in the navy during the world war and is commander of the local American Legion post.

"What is Threaded Rubber?"

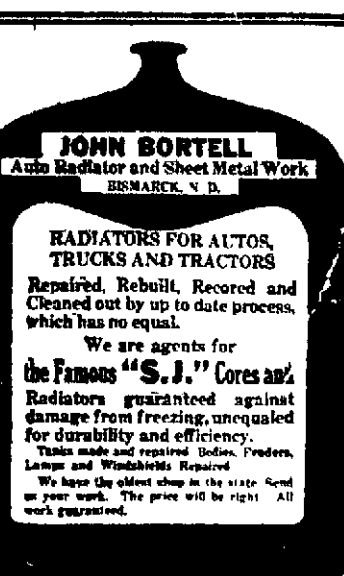

Threaded Rubber Insulation is made up of sheets of rubber, each pierced by 196,000 tiny threads. The rubber insulates each plate from its neighbors and the threads allow the battery solution to circulate freely.

Willard Threaded Rubber Insulation stays on the job month after month unaffected by acid and without a sign of splitting, cracking or perforation. It lasts as long as the battery plates and helps the battery give more miles of uninterrupted service per dollar.

You'll need a battery one of these days, so the time to get your battery information is right now. We'll be glad to show you a Threaded Rubber Battery inside and outside and tell you why it saves you money.

MILLERS SIGN NEW SHORTSTOP

Minneapolis, Minn., Sept. 24.—Tom Connolly, formerly of the St. Joseph club of the Western league, will play shortstop position for the Minneapolis American Association team for the remainder of the season, in succession of Morley Jennings, who left to take up his coaching duties in a southern college.

Connolly is rated as a good hitter, hitting at a .400 clip the past month or so, being out of the game at the beginning of the season because of illness. He is said to be fast on the paths, being among the leaders in stolen bases last year.

FARGO WOMEN COMPLETE PLANS FOR CONVENTION

Club Women of Fargo, members of the N. D. Federation of Women's clubs are making plans for the coming annual meeting to be held in Fargo, which will make it an especially brilliant success. The program as planned includes: "The Ploughshares," Other interesting talks by women from other states. Mrs. Summer T. McKnight of Minneapolis, who has been in Europe the past summer, will give an address of timely interest on "Swords and Ploughshares." Other interesting speakers and their subjects are, Mrs. Thomas G. Winter who will speak on "This Moving World," Mrs. Cora Wilson Stewart will talk on "Adult Illiteracy," Mrs. Ira Hasbrouck will talk on "Child Welfare," and Mrs. Rose V. S. Berry will talk on "Art and its Place in Life."

It is expected that a large number of Bismarck ladies will attend the convention the fourth, fifth and sixth of October. Mrs. F. R. Smyth, chairman of Press and Publicity, Mrs. C. L. Young and Mrs. N. O. Hamstad, regular delegates, Mrs. Philip Mayers and Mrs. A. G. Jacobson, alternates and Miss Minnie J. Neilson, chairman of the department of Applied Education are the representatives from the Fortnightly Club. Delegates from other clubs have not been appointed as yet.

The social events planned for the convention feature a reception held on Tuesday afternoon at the home of Mrs. R. N. Weible in compliment to Mrs. Winter and the founders of the federation. In honor of Mrs. Rose V. S. Berry, an informal reception and tea will be held at the commercial rooms Wednesday afternoon from 4 to 6. Thursday evening a dinner will be given at Ceres Hall in compliment to the visiting delegates followed by a pageant celebrating the 25th anniversary of the federation. Following the pageant a reception will be given in compliment to Mr. and Mrs. Coulter, of the agricultural college, Dean and Mrs. E. S. Keene, Mr. and Mrs. A. G. Arnold, Dean and Mrs. C. B. Waldron and Miss Bales.

THE NEW FANS ARE GORGEOUS AND BRILLIANT

BY MARIAN HALE.

New York, Sept. 26.—Fine feathers may not make fine birds but they certainly make fine fans.

There are seasons when the fan rears its head into the background, or hides modestly behind the ruff of the Louis Quinze period. But not this season.

Lord & Taylor's imported fans show a lavish gorgeousness. One brilliantly original fan is the one-sided, single-handed effect in coque feathers of black and red.

In the red and black vividness there is still another fan of quills and the breasts of birds. Its large three-pointed shape is quite original.

those services performed during this greatest of the world's wars. Not only were these services remarkably unselfish and public spirited, but they were for the most part well organized and timely in their aims and results. Our nation as a whole has never displayed such unity of purpose and so disinterested and lofty a spirit of sacrifice as during the brief period of our participation in the Great War. It is in every respect fitting, therefore, that each state should make a special effort to completely record these patriotic services of her citizens. And this record when finished, will form one of the most fitting memorials of our part in the war and one in which our citizens will always take the greatest pride.

The members of the commission ask the hearty support of all North Dakota people in this work, and feel assured that with their help they will be able to make a success of it.

FINANCE BOARD BEGINS AID FOR ALL NORTHWEST

M. O. Grangaard, of Rogers, Secretary of Body to Administrator Fund

Minneapolis, Sept. 26.—The war finance corporation which has come to the relief of agriculture with a fund of one billion dollars, a portion of which—\$15,000,000—is to be loaned to finance marketing of crops and livestock in the Northwest is operating in Minnesota.

It started operation when the Minnesota committee opened offices here today. M. O. Grangaard, banker of Rogers, N. D., has been appointed secretary.

Hundreds of requests for loans from the war finance corporations have been received from banks of the Northwest by members of the committee, it was said.

TWO OFFICIALS ARE ATTACKED

County Julius Andrassy, Hungarian, Escapes Death

Budapest, Sept. 26.—By The Associated Press.—An attempt on the lives of Count Julius Andrassy, former minister of foreign affairs and former president Radovsky of the national assembly was made from the galleries of the assembly chamber Sunday, five shots being directed at the pair. Neither was injured, although one bullet pierced Count Andrassy's clothing. Abraham Kover, a former lieutenant, was arrested on a charge of firing the shots. He gave evidence of insanity but the police declared he was shamming, asserting they had discovered a widespread plot to murder leaders of the movement to restore former emperor Charles to the throne.

The shooting marked the stormiest session of the assembly since the war. During the session parliamentary immunity was lifted from four deputies who were charged with accepting bribes. The assembly then adjourned indefinitely.

SHE'LL APPRECIATE BOOKS

"I didn't know what to do with anything or how to do it, when I began housekeeping," said last fall's bride, "so let's give a book shower for Ethel. Just a lot of real household things that she'll be proud to have on a little shelf away from the other books."

And so for the girl who was soon to be married, they gave a book shower. They besieged the book shops for volumes which would really help, and planned so that there were no duplicates.

One girl gave her a book of recipes in portions just for two—because most recipes make such quantities. Another gave her a book of recipes which were foreign and different, something to try when she tired of plain American dishes. Then there was a book of salad combinations and another of candy recipes. There was a clever little book of laundering hints and another which contained menus and all of the plans for a real dinner party.

UNAPPRECIATED FOLKS Our Mothers

BY RUTH AGNES ABELING.

You're quite right when you say her ideas are so different, but somehow the rest of the world can't agree with that humbly tolerant smile.

She didn't get out a treat deal during her thirties and early forties. She missed a whole world of club life and afternoon teas and missionary society meetings.

She couldn't go because there were small stockings to darn, small dresses to make and small folks to care for. And there wasn't any maid. Anyway, she would have wanted to be there to see that things which should be done really were done.

And then clothes—she always reasoned that you little folks who had to mix with other small folks needed the new things most and that by brushing and cleaning and pressing she could make hers do a little longer.

When there were particularly good things for the table, a feast for some

special occasion she found strange—by, you thought then that the more plain foods were more satisfying to her and so the cream of the feast was yours.

Thus, it became a habit with her this thinking of herself last. She accepted that as her part of life, because she was your mother and it seemed to be the natural thing to do. And somehow everyone else even you have followed her lead and thought of her last.

Get Ready for Canning

The Fruit is Here

PEACHES, pears and plums can be put up in so many pleasing ways. But the season is short!

Will you be one of the thrifty housewives to get a few crates for canning? Plan now. Think of the saving—one-third to one-half!

Factory prepared fruits are extravagant. Put up a plentiful supply of delicious pure, home-made preserves—in Ball mason jars. Then, when you look upon your filled shelves you'll realize what a palatable variety they will add to the limited fare of midwinter meals.

Try this proved recipe for CANNED BLUE PLUMS.

Prick the skin of each plum with a heavy needle. This will keep the skin whole and the skin will remain upon the plum. Pack into sterilized jars. Fill up the jars with boiling syrup made according to taste, that is, with the proportion of sugar to water, which is the best way. From one to three cups of sugar to three cups of water is the usual proportion. Place rubbers in position and screw on caps, leaving the covers slightly loose. Sterilize water minutes by the cold pack method.

THE STATE'S OLDEST NEWSPAPER

(Established 1873)

CIVIL WAR VETERANS

The Grand Army of the Republic holds its annual reunion in Indianapolis.

Later, in October, the United Confederate Veterans gather at Chattanooga.

It is tragic, that these possibly will be the last reunions of the Boys in Blue and the Boys in Gray. Old age is sounding taps.

The average age of the soldiers of the northern army during the Civil War was 23. In the south it was lower. Fifty-six years have passed since Lee surrendered at Appomattox. So the age of Civil War veterans must average 80 years.

The G. A. R. was organized in 1866, with all the vigor and enthusiasm of the American Legion. In 1890 it reached its peak membership of 409,389. In 1917 only 135,931 members remained alive. Now they have dwindled to less than 98,000.

The Boys in Blue are passing, on their march into eternity, at so rapid a pace that nine years hence the last one may be gone. That will be taps for a mighty army that had 2,778,000 enlistments and re-enlistments.

The United Confederate Veterans have dwindled to a membership of only 45,000—all that is left of the Confederate army of 640,000, an army so valorous and efficient that it succumbed to superior forces only after four years of conflict and starvation.

As the nation honors the Boys in Blue and the Boys in Gray, it must be a comforting satisfaction for the old soldiers to look about at the powerful Union that has risen since the Civil War. The north honors the southern soldiers and the south honors the northern veterans. Time has welded the once opposing armies into an indissoluble one. Our hats are off to you, Boys of '61, as you meet in Indianapolis and Chattanooga.

PACKERS

The Wilson administration divorced the meat packers from their activities outside the packing business. Now Attorney General Daugherty is reported about to modify the ruling, so that the packers, when they ship meat west, could bring back fruit and groceries from the Pacific coast in refrigerator cars that would otherwise be empty.

Result: Threats of war between packers, California fruit growers and the National Wholesale Grocers' Association.

The packers needed breaking up. But hauling empty freight cars when they could be filled with freight is nonsense. Probably two sides to it. The wholesale grocers will see that you get the other.

DODGERS

If you are rich and want to dodge taxes, you put your spare change in tax-exempt bonds. About 15,000,000,000 worth of such securities in the country, not counting Liberty and other bonds of the national government.

This enables many to dodge income tax. Also keeps capital out of business.

When Congress recognizes an attempt will be made to provide for taxation of securities now tax-exempt. But it can't be done, without a constitutional amendment, which would take time. Time, however, is nothing to Congress.

CASH

Money in circulation Sept 1 was \$52.41 for every American, says the Treasury Department.

That's 59 cents less than a month before, which is good news. For prices won't go down, can't be kept down, unless the amount of money in circulation is reduced.

The "yes-but" man answers: "Inflated currency means high prices, but it makes the war debt easier to pay off."

Still, not much will be done in our lifetime to pay off the war debt, though hope springs eternal and schemes are many.

WASTE

Rag-pickers salvage \$2,000,000 worth of stuff a year, thrown away by Americans, says the Waste Trade Journal.

The salvage includes 390,000 tons of brass and 200,000 tons of tires, inner tubes and other junk rubber.

Fifty thousand people are kept busy gathering up what we throw away. That's salvage of \$40,000 a year each.

An old saying "Europe could live on what Americans throw away."

We are a wasteful nation, because normally we

are most prosperous in the world. Look in the garbage can for proof

SCHOOL

Schools open in Chicago and few are tardy. All rush to the classroom, for every Chicago public school has its own movie show.

It may take another generation, but the moving picture film is going to be the leading textbook. Easier to get an idea to the brain through pictures than by printed lines.

COLD

Ice cream, thousands of gallons of it, is being shipped from America to China. Refrigeration made that possible within the last 50 years.

That would interest Tellier, inventor of cold storage. The world rewarded him for his invention by letting him die in poverty. No money in inventing. Let George do it. If you want to get rich, be the fellow that markets the invention.

WHITTLERS

A Domino game, started 25 years ago, is still in progress at Riverhead, Long Island. The four original players put in several hours a day at the game.

In Mott street, New York Chinatown, there's a chess game that has been in progress over 400 years, handed down from father to son.

That's a sermon on patience. On the other hand, the poorhouses are full of champion checkers players.

POWER

Dr. Arthur D. Little, Boston industrial chemist, says that plant life on earth receives from the sun, and stores each year, energy that has a heating power of 18,000,000,000 tons of coal. That's more coal than the world mines in 14 years.

Coal, as a source of power, is puny alongside the tremendous energy of the sun, which man eventually will harness to do his work.

WAGES

Arthur Lumbrick, county farm adviser at Danville, Ill., asks the county farm bureau to cut his salary a fourth because of the drop in prices of farm products.

That is fairness of a sort rarely encountered. It would be a great world if every one were as fair as A. Lumbrick.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

A REFRESHING CAMPAIGN METHOD

The announcement of Sen. F. B. Kellogg that he is a candidate again for election to the federal senate formally opens the contest in Minnesota for the senatorial honors.

In due course of time an announcement of his desire to be senator will come from Justice Oscar Hallam of the state supreme court.

Sen. Kellogg does not expect to be in Minnesota again until after the Republican state convention, making indorsements for senator and other offices, is held next March.

He will attend to his duties in Washington and rely on his friends to look after his political affairs here.

Justice Hallam does not contemplate any active personal campaign prior to the convention. He, too, intends to devote himself to performance of duties already assigned him by an appreciative public as a reward for a long period of faithful, honorable service.

Thus Minnesota is assured the novel spectacle of a political campaign in which the two leading contenders will confine themselves to doing public work they have been employed to perform.

In comparison with some of last year's political exhibitions in Minnesota this new style of campaigning should be delightfully refreshing.—St. Paul Daily News.

MORALS BY CONTRACT

Enforcement of personal morality by statute law has not proved a tremendous success—but the moving picture producers evidently are going to try it. Because of the storm of public condemnation raised by the Arbuckle case, the producers announce that hereafter all actors who enter their service must sign a contract which binds them to conduct themselves with due regard to public conventions. If the actors fail so to conduct themselves, they are to forfeit their jobs.

Lord Macaulay once said: "We know no spectacle so ridiculous as the British public in one of its periodical fits of morality"—a famous remark which applies with much force to this absurd announcement. There are, beyond doubt, moral and immoral persons in the motion picture business just as there are such persons in other walks of life. The proposed clause in the contracts will change this situation in no particular. Those who are bad are not going to be made good by contract, while those whose morals are above reproach will have every right in the world to resent such a preposterous proposal.

Motion picture producers have one field of reform in which they can really accomplish something—they can discontinue the production of suggestive films. We suggest that they devote themselves to this undertaking rather than to attempt a reformation, by contract stipulation, of the morals of their employees.—St. Paul Dispatch.

Each Year The Roll Call Grows Smaller

RECALL CAULDRON

(By the Pot Boiler)

The first full week of the recall campaign has passed without any red-hot parades or excitement beyond usual interest in political formalities and an occasional ardent exhortation of a loyal supporter of the cause (getting North Dakota voters wrought up while the hunting season is on and the best fall weather in years is a difficult matter even for astute campaign managers).

Mr. Nestos has been busy campaigning in the eastern part of the state, while William Lemke also has been covering considerable territory in that section. Governor Fraser spoke at Carrington Sunday but will not start on a campaign tour for some days. Svenbjorn Johnson is starting out in the western part of the state. Altogether the six candidates for the three offices appear to have the brunt of the speaking campaign to beat.

No new legends have been presented to the voters. The slogan adopted for the I. V. A. candidates, "Honesty, Open Books and Efficiency in Public Office," sounds very well, and it is rather difficult to put a full platform in the few words allowed on a petition, and the little motto cannot offend, because, with investigations galore in the last few years in which every conceivable kind of public business has been dragged into the lime light, the people are quite used to such a demand.

George M. Young, congressman from the Second district, has responded to the call for public expression of the attitude of representatives and senators on the recall by endorsing Mr. Nestos. Congressman Young has held his job quite a while, and although he hasn't done a great deal to offend the league, he has been talked of as a possible candidate for United States senator one of these days in opposition to a league-endorsed candidate.

It is rather refreshing news to hear definitely that there will not be any court action to stop the recall, by the league officials anyway. If the recall could be stopped there would be a great many citizens very much pleased, but after a fight gets a good start most people dislike to see it stopped on a foul. Rather, they cry for the knockout. The postponement of a recall election would only mean a brief respite for the voters. However, for if the I. V. A. initiated law breaking down party organization carries there will be an election in March for party nominations for senator, etc., the state primary next June and the election next November. Perhaps, were the league defeated in the coming test at the polls, it might add fuel to the political flames by instituting a recall against Mr. Nestos during the dull weeks in the next year.

The talk of political "deals" regarding future candidacies has engrossed a lot of attention of politicians. The talk has grown so strong that the official I. V. A. organ, The Independent, sees fit to answer it, and the answer is given for the elucidation of the "pot watchers." The Independent says:

ONE AIM AND ONE PURPOSE ONLY

Much talk and many wild rumors are circulating regarding deals, combinations and political promises claimed to have been made by the Joint Campaign Committee to various men and factions interested in state and national politics.

Once for all let it be known that the independents are waging this campaign on one single line, looking neither right nor left. This line, or road that must be traveled, is that of state issues and the public record of the three officers under recall.

This campaign is not concerned with national issues except as incidentally it is opposed to radicalism in general, having had a dose of it locally.

The campaign committee consists of Republicans, Democrats, Independents, Progressives and Socialists.

Every thinking person will know at a glance that such a committee could not under any circumstances make any promises of future support to Republicans or to Democrats.

Public men having political ambitions have the same right as all other

citizens to take a hand in the recall election, for or against. Whatever they do, they must expect the public, opposed to radicalism and public looting, to measure their stand and their work in the campaign and give them blame or credit, as they shall merit.

The independent organization came into existence for the one purpose only, that of ridding our state of the curse of Townleyism, Lemkelism, Socialism, public looting, theftism, and rascality in public office.

Beyond this program the organization takes notice of neither past, present or future. This work accomplished, its work is completed and its existence in its present composition at an end.

Until this goal is reached the independent men and women of North Dakota will stay in the fight against the evil forces of radicalism, socialism and looting irrespective of all opposition.

The basic ground and foundation of the independent organization is as right as the ten commandments and the Constitution of the United States, and its unalterable mission as sure of victory as the fight against negro slavery and all other evil. The principles of Nestos for Governor and satisfaction of lesser lights in state political circles, William Langer is left out of the suggested alignment for future political honors.

ADVENTURE OF THE TWINS

By Olive Barton Roberts

"Oh, ho!" cried Cap'n Fennywinkle, when he saw the Twins returning with the fish net. "I never was so glad to see anyone in my life! We'll have to get Tub Terrapin out of this at once, only he's done so much damage already that it's like to sting the stable floor after the horse has run off. But he ought to be punished and I know of no better way than the fish net. It's the only thing he's afraid of. Just look at him lying there as snug and little-proof as a submarine. He isn't afraid of the shark or the sawfish or anything under the water."

Whether or not Tub heard this conversation I cannot say for he lay as still as a pavement, not making the least bit of a sign.

Very quickly and dextrously the Twins slipped the fish net under his edges and as they gave a pull on it four corners up came Tub with a jerk. He was so surprised that he stuck out his head and his tail and all four feet together, struggling for dear life to get down onto the sand again.

"No you don't, Tub," Cap'n Fennywinkle warned him. "You've done your last mischief. Look at poor Spiky Starfish that you've been lying on. That doesn't make any difference, he's a tough old fellow. But you've got to stop planting potatoes. Mr. Policeman you can cut 'em up in a dozen pieces and each piece will grow in about a month. Mr. Spiky will be two starfish and then, what will Mr. Fisher man say?"

"Mr. Fisherman?" exclaimed Cap'n Fennywinkle. "What's he got to do with it?"

"Well," answered Tubby, "he hates Spiky about as well as he likes me, and that's pretty much, if I do say it, who shouldn't?"

With the Movies

AT BISMARCK

Evan Burrows Fontaine, the beautiful dancer, who plays a part of the vampire in "Women Men Love" was for two seasons the sensation of Florence Ziegfeld's Midway Frolic. Miss Fontaine forsook the footlights to become the bride of Harry Payne Whitney's eldest son. The play is at the Bismarck theater tonight.

BEBE DANIELS AT THE REX

To night Bebe Daniels in "Two Weeks With Pay" is the attraction at the Rex. In this picture Miss Daniels plays a shop girl whose employer equips her with a very gorgeous wardrobe and sends her off to an expensive hotel, hoping that her beauty will attract attention and advertise his costumes.

The first part of the plot works out very well. Pretty Pansy does attract attention. Somebody starts the rumor that she is a famous actress resting incognito. Pansy's fine clothes seem to bear this out. The plot thickens when the guests at the hotel insist on showering her with attention, and the real actress arrives on the scene. Jack Mulhall again plays the male lead, as he did in the first Daniels' picture. Also an O'Henry Comedy will shown.

POETS' CORNER

THE BEST TIME

By Florence Borner

When little birds begin to sing,
To tell me it will soon be spring,
When from their cozy winter beds
The happy flowers lift their heads,
When, winding thru each shady
nook,

I hear the little babbling brook
A-rushing to the river's breast—
Why, then I think that spring is best.

But, when the bees drones forth her
tune,
To tell me 'tis the month of June,
The time for love and blushing
brides,

And roses, queen of flowers besides,
When I can smell the new mown
hay,

That's in the meadows 'cross the way,
My soul is filled with fervent zest—
And, then I think that summer's best

But, when the autumn tints the
skies
With colors straight from Paradise,
When leaves turn crimson, yellow
gold,

Somewhat I feel I'm growing old;
And, yet, a presence pure and calm,
Makes me rejoice I'm what I am—
So when the sunset tints the west,
I know I love the autumn best.

MINNESOTA TO RESUME DAILY

Minneapolis, Minn. Sept. 26—Publication of the Minnesota Daily, the official daily newspaper at the University of Minnesota, for the fall quarter beginning Sept. 28, will start Thursday, Sept. 29, according to H. L. Schoelkopf, editor in chief.

The paper will be published daily, except Sunday, during the school year with the same editorial and business policies as in the past, Mr. Schoelkopf said.

The following staff has been announced for the year: Thomas Phelps, Rochester Minn., managing editor; Mark Severance, Minneapolis, business manager; John Bridge, Minneapolis, advertising manager; LeRoy Gritum, Duluth, news editor; Leo Luscher, Northfield, Minn., sporting editor, and Mr. Schoelkopf.

One new official publication will make its appearance on the university campus this year. It is a monthly magazine and has been named "Ski-U-Mah." The first number will be out October 15 and thereafter on the third of each month.

Minnesota Man Finds Entire Relief After Two Years' Suffering

"I consider what Tanlac has done for me worth a hundred times what it cost," said Ray Bledsoe, 1407 Nicollet Ave., Minneapolis. "When I began taking it I had been suffering for two years from stomach trouble and had gotten to where I couldn't eat anything without suffering for hours afterwards. Every day this trouble seemed to get a stronger hold on me, and as a medicine after medicine failed to give me relief I thought I was going to die."

"Tanlac has given me relief up my stomach to such a point that I want and I feel fine. The time is certainly a grand medicine."

GAME WARDEN DRAWS A FINE

Dickinson, N. D., Sept. 26—Game wardens who are anxious to show their authority in this section of the state had best be sure of their grounds.

At least one such official has learned this to his sorrow for Thursday night Joe Reilly of Gladstone, deputy game warden, paid a fine and costs amounting to \$65 after pleading guilty to hunting without a license before Police Magistrate Walter Starland.

Reilly swore out a complaint against Thomas Tottinham as one of a party of Dickinson men who were hunting in the Gladstone vicinity Sunday afternoon. A charge of hunting with a dog. Mr. Tottinham pleaded guilty and was fined \$17.50.

After paying the fine he swore out a complaint against the game warden for hunting without a license.

O. McGrath, chief game warden, who has spent the past few days in the Dickinson vicinity, made the arrests.

SENT TO JAIL.

Dickinson, N. D., Sept. 26—Tom Meckler who on August 11, was fined \$50 in justice court by Judge A. P. Folsom after pleading guilty to the illicit manufacture of moonshine, was on Thursday sentenced to serve 15 days in the county jail for failure to pay the fine imposed upon him at the time.

When he paid guilty Meckler paid one-half the fine in cash and agreed to pay the balance within a specified time. When he failed to comply he was taken to jail to serve out his fine at the rate of \$1.25 per day under the terms of the original sentence imposed.

CHICAGO COPS TO BE FIRED BY WHOLESALE

Chief of Police May Dismiss 2,500 of His Force on Booze-Ring Charges

Chicago, Sept. 26.—Dismissal of policemen in wholesale lots was pressed in official circles today in connection with the federal investigation of the prohibition laws. Following an announcement Saturday by Chief of Police Charles Fitzmorris that he believed half of the police force of more than 5,000 may be involved in liquor law violations, Charles F. Kline, U. S. district attorney, promises his cooperation to Fitzmorris and today is to furnish a list of all officers who have fallen under federal investigation in connection with whiskey running and bootlegging.

SUBMIT REPORT ON BOYCOTT OF WORLD LEAGUE

Committee Discusses Measures Which Might Be Used Against Nations

Geneva, Sept. 26.—(By the Associated Press)—Methods of applying the economic weapon of the League of Nations against countries which evade provisions of the covenant of the league came before the assembly of the league this morning when the blockade committee submitted its report.

The committee found it was impossible for the league to decide beforehand and in detail the various steps of an economic, commercial and financial merger that should be taken in each case. It proposes that the council of the league make recommendations to the members as to a plan for joint action when necessity should arise.

FARE CONTINUED BY RAIL BODY

State Commission Announces Decisions

The state railroad commission, in a decision announced this afternoon, authorized the Fargo-Moorhead street railway company to continue charging the six-cent fare for a period of one year from September 1.

Hearings announced by the commission for the near future include a hearing in Bismarck tomorrow on the petition of citizens of Selfridge against the Milwaukee railroad for a new depot; on Wednesday the petition of the citizen of Strasburg against the Milwaukee for a crossing; and on Friday the petition of Carl Bredy and others against the Bismarck Water Supply company for extension of water mains on Eleventh street. On October 3 will be held here a hearing by a representative of the Interstate Commerce Commission on the petition of the American Railway Express company for removal of discrimination in intrastate express charges.

Fargo-Moorhead Street Railway Company. Value of property for rate making purposes as of January 1, 1921, 60 per cent of \$756,088.00. Extended present rates for a period of one year from September 1, 1921.

Application of the Northern States Power Company for authority to issue \$1,500,000.00 face value first and refunding mortgage twenty-five year gold bonds, series "B," approved.

A. F. Reilly of Gladstone vs. Northern Pacific Railway Co. Requiring the Northern Pacific Company to extend spur track on to the property of Mr. Reilly for the purpose of loading sand.

Farmers Equity Union of Rham vs. Milwaukee Railway Company. Application for an elevator site. No discrimination. Case dismissed.

Application of the Farmers & Merchant Telephone Company of Elston for authority to discontinue their exchange at Northgate approved; switchboard service to be discontinued not earlier than November 1, 1921.

E. F. Lovejoy vs. Great Northern Railway Company. In a suit of constructing coal mine spur at Avora. Case dismissed because of lack of jurisdiction.

MEX. GENERAL IN ROCHESTER FOR TREATMENT

Rochester, Minn., Sept. 26.—General P. R. Calles, former secretary of Mexico, registered today at the Mayo clinic for medical treatment. He arrived here late yesterday aboard a special car which he is making his residence while here. General Calles said Mexican doctors had been unable to diagnose his illness.

MAN WHO SAVED ROOSEVELT DEAD

Chicago, Sept. 26.—The body of Henry F. Cochran, Milwaukee attorney, who grabbed the hand of Theodore Roosevelt's would be assassin and prevented the firing of a second shot, passed through Chicago today on the way to Spurgeon Bay, Wis., for burial. He died Friday in Colorado. Four thousand rosebuds, one, according to admirers, for each personal friend covered the casket.

OLD WARSHIP SENT DOWN BY AERIAL BOMBS

Norfolk, Va., Sept. 26.—A 2,000 pound bomb ended the career of the old battleship Alabama at 12:15 today. A Martin bomber flying over the old warship in Chesapeake Bay tore off her mast, destroyed the superstructure and carried her over on her side in shallow water. Six other planes almost simultaneously rained 1,000 and 2,000-pound bombs on the hull as she went down. Four hit the vessel as she tumbled over and the remainder landed in the water within 20 to 30 feet of her.

STORM DAMAGES LAKE SHIPPING; VESSEL ASHORE

Thousands of Cords of Pulpwood Strawn in Waters After Storm Abated

Sault Ste. Marie, Mich., Sept. 26.—The heaviest windstorm in this vicinity in years was abating today leaving one vessel aground and traffic through the locks seriously impeded as the result of breaking of a boom of logs in Marks bay.

The steamer Lewiston went aground at Little Rapids two miles below here, the wind practically blowing the water out of the lower river which fell two feet in a few hours.

For four or five miles above the locks St. Mary's river is filled with pulpwood, the breaking of a boom releasing 40,000 cords. Five tugs are salvaging the floating logs, thousands of which escaped down river through the locks and power canals. Thousands strew the shore four or five deep in some places.

No vessels have been reported missing.

MILDRED HANAN DIES OF WOUNDS

Girl Shot by Mrs. Lawes Dies in New York Hospital

New York, Sept. 26.—Miss Mildred Hanan, daughter of the late Alfred P. Hanan, shoe manufacturer, died in the Long Island College hospital early Sunday without having advanced any explanation as to why she had been shot Friday morning by her erstwhile chum, Mrs. Grace Lawes, who later committed suicide.

John S. Borland, importer and Dartmouth graduate who was in her company when the shooting took place was at her bedside when the end came at 1 o'clock this morning. Mrs. Clara M. Hanan, her mother, and several other relatives also were present, but the girl who had lapsed into unconsciousness shortly after midnight, did not recognize any of them.

RAPPE DOCTOR TELLS STORY

Says Virginia Rappe Suffered Great Pain Before Death

San Francisco, Sept. 26.—Dr. Arthur Beardsley, testifying today in the police court examination of Roscoe Arbuckle, said he found Miss Virginia Rappe, whose death Arbuckle is charged with having caused, in great pain when he was called into the case. The manslaughter charge against Arbuckle will be continued until October 3 under an agreement.

Miss Rappe's intense pain overshadowed evidence of alcoholism, Dr. Beardsley testified and it was necessary to quiet her by use of a drug.

Early next morning he testified he discovered evidence to support an earlier conclusion that Miss Rappe had suffered an internal injury.

IT'S DIFFERENT IN PARIS

Same old rush hour and same old strap-hangers in Paris. But it's first come, first served. Parisians get onto the busses in order in which they reach the corner. Attached to a post is the machine illustrated says Popular Science Monthly. As you pass the post you tear off a numbered slip of paper. The machine issues only one at a time and each is numbered consecutively. When the bus stops the passenger with the lowest number gets aboard first, and the rest follow in order. Simple, isn't it?

CO-ED TO BECOME FORESTER

CAROLINE KESSINGER

By N. E. A. Service
State College, Pa., Sept. 26.—Caroline Kessinger—forester.
This is the profession for which this Pennsylvania State College freshman is preparing herself.
First she wants experience as a forest ranger. Later she expects to become a forestry engineer, engaging in great reforestation projects.
Miss Kessinger has the health for the work. She didn't miss a day during her four years' attendance at State College high school, from which she was graduated last June.

When the college forestry students told her, "We had tried rattlesnake for dinner three times a week at our summer school," she wasn't fazed.

"If you can stand it," she said, "I can. What does it taste like?"
